FT115 enroute to grass and tree fire SE of SY school off of HWY 59 S mil 38.

Received phone report from BLM Dispatch of a fire in T2N R49E Sec 25 burning on private land. Notified Chief Rodgers (at station) of fire. Responded FT118 with Dunning, Duffin, and Petroff, E. Rodgers indicated he would hold off sending 2nd Engine because FT 115 and FT 107 were responding to same incident. Upon arrival found approx. 2 acres burning on a ridge top in grass and trees. On scene were 4 local ranchers with spray rigs, Donsbach's tender, FT 115 and Ft 107. A BLM aircraft was observing. Fire was burning in grass and timber on a ridge top and running North. Locals and FT 118 attempted initial containment with hand lines and hand tools. Terrain grade excessive for line construction. Fire spotted across all lines and containment roads Dunning requested SEATs. Was informed that 0 were available. Helicopter 3HB arrived and assisted with spot suppression and egress protection for all initial attack personnel. Command and Equipment resources arrived. Significant wind event occurred and containment was not achieved on 08/09/06. Additional recourses ordered.

2nd (North fire) fire started within 3 miles of initial response. Addler's strike team diverted to North Fire. 4 SEATs suppressed head of fire. Engines and locals contained at 2000 hrs and controlled fire at 2200 hrs.

Flanked Road Creek Fire with local tractor blades, Dozers, and Graders. Burned fuel away from containment lines. Contained fire at 1600 08/10/06. Controlled fire at 0930 on 08/12/06. Patrolled fire per BC Millers direction.
